

## Nature-based Regeneration through Water: Integrating the water cycle in urban renaturalization

NatUR-W is regenerating Barrios Altos, a neighborhood in Lorca's historic centre, to combat energy poverty and the inefficient use of natural water resources in the face of climate change and rising temperatures.

### 3 Key Actions:

- The creation of a new green space on previously unused land
- The renovation of the interior of an old prison building
- The rehabilitation of three social housing dwellings for vulnerable citizens
